

# CERTIFICATE OF REGISTRATION

Information Security Management System  
 ISO/IEC 27001:2022

## Position Imaging, Inc.

**A-LIGN Compliance and Security, Inc. certifies that the organization operates an Information Security Management System that conforms to the requirements of ISO/IEC 27001:2022. The scope and boundaries of the ISMS is as follows:**

The Information Security Management System (ISMS), in accordance with ISO/IEC 27001:2022, supporting the confidentiality, integrity and availability of customer data, supplier information, and Position Imaging’s internal data, as well as:

The Privacy Information Management System (PIMS) supporting the privacy, confidentiality, integrity and availability of customer data, supplier information, PII, and Position Imaging’s internal data related to Position Imaging’s environment. The statement of applicability includes control objectives from the ISO/IEC 27001:2022 and ISO 27701:2019 Annex A and B framework, related to the following services in scope:

The design, development, distribution and management of Position Imaging products and services, including all individuals working with or directly for the organization who can affect the confidentiality, integrity, and availability of the scope of certification, mandatory requirements set forth by internal and external stakeholders (e.g.-customers, owners/investors, regulatory bodies, etc.) that impact or relate to information security and personally identifiable information.

**The statement of applicability includes control objectives from the ISO/IEC 27001:2022, ISO/IEC 27701:2019 Annex A (PII Controller) and Annex B (PII Processor) framework.**
